### Cured Resin Caviar Benefits

Cured resin caviar, a high-terpene full-spectrum extract, offers a range of benefits, including flavor enhancement and improved entourage effects. It is made from 100% cured resin and is free from distillate, ensuring a high-quality product that mirrors the flavor profile of the living plant. This type of caviar is particularly appealing for those who prefer a flavor-rich experience without the use of distillate.

## **1:1 SLEEP TINCTURE**

**ONLY \$20**

**600MG THC : 600MG CBD**

While cannabis tinctures can be conveniently added to beverages and food, ingestion alters their behavior, resembling that of edibles or drinks. This results in a longer onset time for effects and potentially higher psychoactivity. Direct absorption under the tongue offers the fastest onset time, bypassing the digestive process required with edibles and drinks.

---

## **FECO (RSO) FULL SPECTRUM**

**1GRAM    77.18%    \$20**

FECO stands for Full-Spectrum Extract Cannabis Oil. FECO is a dark, thick oil that comes packaged in a syringe for precise dosing, it is recommended to run the syringe under warm water for easier use. It is usually consumed orally and processed through the liver like an edible. Although, it can also be applied topically to the skin. Due to its high potency, begin with a very small dose, no larger than a grain of rice. So if you don't feel anything at first, wait 2-3 hours before taking a small dose again. Edible effects can last 8-12 hours. FECO has been used to aid in: Pain relief, Reducing anxiety, Easing of cancer-related symptoms, Reducing inflammation.
