This project record book has been created specifically for members enrolled in the 4-H Dog Care and Training project. Keeping a record book is an important part of the project. It will help you set goals for the project year, record your accomplishments and help guide your efforts to keep important records on your dog(s).

### **What is a 4-H project?**

A project is a subject or topic that you learn about in 4-H. More important, a project is something you do or make, which results from knowledge and skills you learned in the project. In this case, your project is Dog Care and Training. You learn about your project from attending club meetings and educational workshops, and working with adult leaders and other 4-H members. You can also learn from field trips and camps, by participating in shows and competitions, as well as through your family and self-study.

The Dog Care and Training project is for kids who love dogs and want to learn how to do things with them. To participate fully, you should either have a dog or arrange to train someone else's dog. You will be the dog's teacher. Your goal is to be a good teacher to the dog, using patience, firmness, consistency, and love. Since you are working with another living creature, there are no guarantees that your dog will ever be a brilliant obedience performer. However, *you* can still learn to be a good teacher, and that is the important part.

### **Why complete a record book?**

A record book is not meant to be a chore. Instead, it is a way for you to learn. Here are some important reasons why 4-H expects you to complete a 4-H record book for your project.

Keeping a 4-H record book will help you . . .

- Learn how to organize yourself
- Learn how to set reasonable goals for yourself
- Appreciate what you've learned this year from the goals you reached
- Recognize what things you learned in your 4-H project this year and compare your progress and successes from year to year
- Explain what you've learned
- Keep track of costs of your project
- Gather information needed to apply for awards and scholarships
- Complete applications and resumes for jobs and college
- Meet requirements to participate in some county, state, or national 4-H events.

## Guidelines for the 4-H Dog Care and Training Project Record Book

One record book can be completed for all your project animals. You start your record book at the beginning of the 4-H year and keep all your expenses and receipts during the year. It is important to keep your record book up-to-date monthly. Keep your book neat and complete.

Start your year by setting at least three goals for the year. These goals may include "Dog Care and Training Knowledge and Skills" or "Personal Development Activities." To expand your horizons, each year in the project, try to accomplish new skills, or skills you did not accomplish in previous year(s).

The record book has been three-hole punched so that it may be easily kept in a three-ring binder. With each new project year, add your new record book to the binder. It is recommended that you save your record books from previous years in your binder. That way, you can easily compare your progress and achievements throughout the years. It will also help you when you apply for awards, jobs, college, etc.

### Member in good standing requirements

In general, all 4-H members are expected to meet the following standards each year. These are the minimum requirements. Your club may have additional requirements.

- Attend at least 70 percent of regular club meetings and/or activities.
- Complete a 4-H project, doing one's own work with minimal assistance from parents or others, including being responsible for the physical care and training of the animal(s) to the fullest extent.
- Give a club or county 4-H public presentation.
- Complete a project record book (like this one).

### How this record book is organized

Besides this introduction, this record book is organized into four main sections:

- Starting Out - My goals for the 4-H year - page 5
- Along the Way - Keeping track of what I do - page 7
- Looking Back - What I learned this year - page 14
- Thinking Ahead - My goals for next year - page 18
- Appendix (including project goals) - page 19

# Starting Out

## My goals for the 4-H year

The beginning of the 4-H year is a good time to begin thinking about what you'd like to do or learn in 4-H during the upcoming months. List some of your goals for the year and what plan you have to accomplish your goals. Talk to your leader and parents to decide what goals are realistic to try and possible to finish this year.

During each year in the 4-H Dog Care and Training project, members should choose a minimum of three goals to pursue. Suggestions are listed in the Appendix starting on page 19. Write your choices below. Don't be afraid to challenge yourself! Of course, you may aim to reach more goals. For now, write your goals below and your plan for reaching each goal. If the items on the list have all been accomplished, develop some of your own. You may also choose special ones not listed. Be sure to get the needed signatures on the next page.

<b>My goals for this year</b>	<b>What I need to do to reach this goal</b>
<i>Example: I will learn how to give a public presentation.</i>	<i>Attend county public presentation workshop. Have my leader and parents help me pick a topic that will be good for me. Practice my presentation. Give the presentation at a club meeting.</i>

### Signatures for goal setting

I will work toward the above goals I have set for myself for the upcoming 4-H year to the best of my ability:

# Along the Way

## Keeping track of what I do

For this section, it is best to write down what you have done shortly after completing it so you won't forget important events and activities. This section includes the following parts:

- What I did in this project this year
- Animal care & management
- Project finances
- Other clubs and projects

## What I did in this project this year

The following page is where you can list what you did in this 4-H project. Don't forget to include these types of 4-H events and activities you might have done this year:

- Events participated in
- Leadership roles - such as offices held, committees led
- Shows & competitions (be sure to identify the dog entered, the class entered, and the number in the class)
- Club meetings, special meetings & clinics
- Community service
- Public Speaking
- Field trips
- County 4-H Fair
- Awards or recognition earned

<b>Name of event/activity</b>	<b>Date &amp; Location</b>	<b>What I did</b>	<b>Level (Club, County, State, National)</b>	<b>Award or Recognition Earned?</b>
<i>Example: Invitational Dog Show</i>	<i>1/1/2000 Somewhere, New Jersey</i>	<i>Entered Lassie in pre-novice class</i>	<i>Club</i>	<i>1<sup>st</sup> place</i>
<i>Example: Visited nursing home with the club</i>	<i>12/15/98 ABC Nursing Home, Milltown</i>	<i>I brought my dog for the residents to pet.</i>	<i>Club</i>	<i>Received a thank-you letter from the Center Director</i>

<b>Name of event/activity</b>	<b>Date &amp; Location</b>	<b>What I did</b>	<b>Level (Club, County, State, National)</b>	<b>Award or Recognition Earned?</b>

(Add other pages if needed.)

## Animal Care & Management

Because your project is a living creature, it requires regular care and management. Here is the place to explain what you regularly do for or with your dog on a daily, weekly, monthly, and yearly basis. Be as specific as possible.

Do not forget to list the following:

- Exercising & training
- Grooming (brushing, clipping nails, cleaning ears, bathing, checking for fleas & ticks, clipping)
- Feeding and watering practices (when and what does your dog eat)
- Clean and disinfect crate/kennel, food/water containers

<b>What I do for/with my project animal . . .</b>
<b>Daily</b>
<b>Weekly</b>
<b>Monthly</b>
<b>Yearly</b>

## Project Finances

It is likely that you spent money on your 4-H project this year. This section will help you add up what it cost to complete your project.

### (E) Expenses

This section is where you can keep track of what you purchased and the other materials, supplies, and equipment you purchased or used for your project and what it cost to use. Feel free to add more copies of these pages if necessary.

Expenses are divided into four categories (E 1, 2, 3, 4):

- Dog Food expenses
- Equipment expenses (including hardware for repair of kennels, fencing, crates, toys, etc.)
- Other expenses (such as grooming, show entry fees, stud fees, boarding)
- Health/Medical expenses (including veterinary and medicine)

#### (E1) Dog Food Expenses

Date	Description of expense (include quantities)	Cost (\$)
11/1/99	<i>Example: 50 lb. Bag of dog food</i>	\$20.00
<b>E1 Total</b>	(Add up all expenses from above and put number in box at right)	

**(E2) Equipment expenses**

Date	Description of expense (include quantities)	Cost (\$)
12/15/99	<i>Example: 1 leash</i>	\$4.50
<b>E2 Total</b>	(Add up all expenses from above and put number in box at right)	

**(E3) Other Expenses** (such as grooming, show entry fees, stud fees, boarding)

Date	Description of expense (include quantities)	Cost (\$)
1/6/2000	<i>Example: Entry fee for dog show</i>	\$3.00
<b>E3 Total</b>	(Add up all expenses from above and put number in box at right)	

**(E4) Health/Medical expenses** (including veterinarian & medicine cost such as rabies and heartworm medicine)

<b>Date</b>	<b>Description of expense</b>	<b>Cost (\$)</b>
3/16/2000	Example: rabies shot and vet visit	\$45.00
<b>E4 Total</b>	(Add up all expenses from above and put number in box at right)	

**(I) Income**

List any income received from your project this year. For instance, sales of any project-related items or cash prizes from contests or exhibitions. Income may also include selling a puppy from a litter. It is quite likely your project had no income. If so, enter "None" under description and "0" under "Total Income."

<b>Date</b>	<b>Description of income (include quantities)</b>	<b>Income (\$)</b>
1/6/2000	Example: Sold 3 puppies for \$300.00 each	\$900.00
<b>Total Income</b>	(Add up all income from above and put number in box at right)	

### Total Project Cost or Profit

If your project earned more than it cost, then your project made a profit. But this is not likely so don't worry if your project did not make money! The important point to learn is that most activities have costs. Therefore, you must be careful to spend money wisely.

More likely, you spent more on your 4-H project than you earned from it. Therefore, "expenses" minus "income" is the total (or "net") cost of your project.

<b>Total Expenses (Includes value of equipment and project animals)</b>	
Total Dog Food Expenses ( <b>E1</b> page 10)	\$
Total Equipment Expenses ( <b>E2</b> page 11)	\$
Total Other Expenses ( <b>E3</b> page 11)	\$
Total Health/Medical Expenses ( <b>E4</b> page 12)	\$
<b>Total Expenses</b> (Add up all expenses and put number in box at right)	\$

<b>Net Project Cost (N)</b>	
Total Expenses ( <b>E</b> , from above)	\$
Total Income ( <b>I</b> , from bottom of page 12)	\$
<b>Net Project Cost</b> (Subtract Total Income from Total Expenses and put number in box at right)	\$

*Example:*

<b>Total Expenses (E)</b>	<b>minus Total Income (I)</b>	<b>= Net Project Cost (N)</b>
<i>Example: \$250.00</i>	<i>\$25.00</i>	<i>\$225 (a project cost of \$225)</i>

# Looking Back

## What I learned this year

This section is to be completed at the end of the 4-H year. It is meant to help you look back on all that you learned during the past year. This section includes the following parts:

- My goals completed
- A summary of knowledge and skills I gained
- The three most important things I learned
- Telling my story

## My goals completed

Look back on the goals you set for yourself at the beginning of the year, on page 5. How well did you meet those goals? Use the space below to tell how well you did in reaching your goals. If you added new goals during the year, also included them below.

<b>My goals for this year</b>	<b>How well did each goal get met?</b>
<i>Example: I will learn how to give a public presentation.</i>	<i>I attended county public presentation workshop. I had to change my topic three times. I should have practiced my presentation more before I gave it at the club meeting. I will start planning and practicing earlier next year!</i>

## Knowledge and Skills I Gained

There are many things to learn in 4-H. Check each item below that you learned or improved in 4-H during the past year.

### The three most important things I learned

Even if you learned a lot of different things in 4-H, think of what was the most important for you. Then, list the three most important things you learned in this project during the past year in the boxes below. For instance, I learned how to groom my dog, I learned that working with senior citizens is challenging but also fun, I learned to speak in front of my club without being afraid.

<b>The three most important things I learned in this project during the past year were . . .</b>
1.
2.
3.

### Telling my story

Keeping in mind the knowledge and skills you said you learned from the items you checked above, write a story that explains what you gained this past year in 4-H. Use specific examples that are unique to you whenever possible. Feel free to relate what you learned in 4-H to school, family, or other activities in your life. Use extra pages if needed. Attach photos or clippings on additional pages of this book if it helps tell your story better. Don't forget to label them with captions if you do.

4-H is proud of what 4-H members learn and sometimes likes to use excerpts (parts) of stories 4-H'ers write in 4-H publicity. If you do not want your information shared, please let us know by checking the boxes below:

- 9 Do not use my story for any 4-H publicity.
- 9 If you use my story, do not credit my name.

**My 4-H Story**

(Continue 4-H story on next page.)

(Continue 4-H story below or attach additional pages if necessary.)

## Thinking Ahead

### My goals for next year

Now is a good time to begin thinking about what you'd like to do or learn in 4-H next year. List some of your goals for next year and what plan you have to accomplish your goals.

## Dog Behaviors Supplement (Optional)

Every dog exhibits both positive and negative behaviors. In training a dog, you are trying to stop the negative behaviors and teach your dog new and positive behaviors and skills. The following charts allow you to keep track of your dog's behaviors and record when your dog has learned a new skill.

### Behavior Evaluation

Dog's Name: \_\_\_\_\_

Evaluate your dog's general behavior every two months. The following is a list of negative behaviors you want to stop. Use the following scale for scoring:

- A** - My dog never does this!
- B** - Sometimes my dog does this.
- C** - Yep, that's my dog! My dog does this most of the time.

Characteristic	Sept.	Nov.	Jan.	March	May	July
Urinate in the house						
Defecates in the house						
Gets carsick						
Is nervous in the car						
Barks at strangers						
Growls at strangers						
Barks outside						
Trembles at sudden noises						
Hides from thunder						
Cowers from other animals						
Attacks other animals						

<b>Characteristic</b>	<b>Sept.</b>	<b>Nov.</b>	<b>Jan.</b>	<b>March</b>	<b>May</b>	<b>July</b>
Shy in crowds						
Excited in crowds						
Shy around traffic						
Balks at stairs						
Refuses to walk on slippery floors						
Runs away when loose						
Jumps on people						
Chews on furniture, etc.						
Jumps on furniture						
Begs at mealtimes						

If your dog rates a "C" in any category, write down the things you did to help your dog overcome this problem.
