

# THE QUR'AN

The Qur'an is the speech of Allah that was revealed to Prophet Muhammad ﷺ through the Angel Jibril.

It is the only book of Allah that has remained in its original form without any changes.

The Qur'an is the final book from Allah. It affirms the books that were revealed before it and is the final authority from Allah.

It is a guidance for all people. The Qur'an gives us knowledge about Allah, past nations and the next life.

The Qur'an contains stories of the Prophets, important laws to live a life which is pleasing to Allah and teaches good manners, morals and ethics.

The first step of revelation was when Allah sent the entire Qur'an from al-Lawh al-Mahfuz to the first heaven on Laylat al-Qadr. It was then revealed in parts to Prophet Muhammad ﷺ over 23 years.
