

# Could I Have This Dance Official by Anne Murray

[Intro]

**A Asus2**

[Verse 1]

**Bm E7sus2**            **A**            **A7**            **D**  
                                 I'll always remember the song they were  
**E7**  
playing  
                                 **D**                            **E7**            **A**  
The first time we danced and I knew  
**E7sus2**            **A**                            **A7**            **D**  
                                 As we swayed to the music and held to each  
**E7**  
other  
**D**                            **E7**            **A**  
I fell in love with you

[Chorus]

**E D/F# E7/G#**            **A**                            **A7**            **D**  
                                 Could I have this dance for the rest  
of my life?  
                                 **E7**                            **D**  
Could you be my partner ev'ry night?  
**E D/F# E7/G#** **A**                            **A7**            **D**  
                                 When we're together, it feels so  
**Dm**  
right

**A** **E D/F# E7/G#**  
Could I have this dance for the rest of my  
**A**  
life?

[Verse 2]

**E9sus4 A A7 D E7**  
I'll always remember that magic moment  
**D E7 A**  
When I held you close to me  
**E7sus2 A A7 D E7**  
As we move together, I knew forever  
**D E D/F# E7/G# A**  
You're all I'll ev\_\_\_\_er\_\_\_ need

[Chorus]

**E D/F# E7/G# A A7 D**  
Could I have this dance for the rest  
of my life?  
**E7 D**  
Could you be my partner ev'ry night?  
**E D/F# E7/G# A A7 D**  
When we're together, it feels so  
**Dm**  
right  
**A E D/F# E7/G#**  
Could I have this dance for the rest of my  
**A**  
life?

[Outro]

**E D/F# E7/G# A A7 D**  
Could I have this dance for the rest  
of my life?

**E7 D**  
Could you be my partner ev'ry night?

**E D/F# E7/G# A A7 D**  
When we're together, it feels so

**Dm**  
right

**A E7 E D/F# E7/G#**  
Could I have this dance for the rest of my

**A Asus2 Bm E7sus2**  
life?

[Fade Out]

**A**
