

# Neon Moon Official by Brooks & Dunn

[Intro]

**Csus2**

[Verse 1]

**Csus2**

When the sun goes down on my side of town  
That lonesome feeling comes to my door

**F**

**Csus2**

And the whole world turns blue

[Verse 2]

**Csus2**

And there's a rundown bar across the railroad tracks  
I got a table for two, way in the back

**F**

**Csus2**

Where I sit alone and I think of losing you

**G**

I spend most every night

**Csus2**

Beneath the light of a neon moon

[Chorus]

**F**

**G**

If you lose your one and only

**F**

**G**

There's always room here for the lonely

**F**

**G**

To watch your broken dreams dance in and out of the  
beams

**Csus2**

Of a neon moon

[Verse 3]

**Csus2**

I think of two young lovers running wild and free  
I close my eyes and sometimes see

**F**

**Csus2**

You in the shadows of that smokefilled room

[Verse 4]

**Csus2**

No telling how many tears I've sat here and cried  
Or how many lies that I've lied

**F**

Telling my poor heart

**Csus2**

She'll come back someday

**G**

Oh, but I'll be alright as long as there's light from

**Csus2**

a neon moon

[Chorus]

**F**

**G**

Oh, If you lose your one and only

**F**

**G**

There's always room here for the lonely

**F**

**G**

To watch your broken dreams dance in and out of the  
beams

**Csus2**

Of a neon moon

[Solo]

**Csus2 F Csus2**

[Verse 5]

**Csus2**

The jukebox plays on drink by drink  
And the words of every sad song seem to say what I  
think

**F**

And this hurt inside of me

**Csus2**

It ain't never gonna end

**G**

Oh, but I'll be alright  
As long as there's light

**Csus2**

From a neon moon

[Chorus]

**F**

**G**

Oh, if you lose your one and only

**F**

**G**

There's always room here for the lonely

**F**

To watch your broken dreams

**G**

**Csus2**

Dance in and out of the beams of a neon moon

**G**

To watch your broken dreams

**Csus2**

Dance in and out of the beams of a neon moon

**G**

Oh, watch your broken dreams

**Csus2**

Dance in and out of the beams of a neon moon

[Fade Out]

**Csus2**
