Life is a song, it ends when it ends

I was wrong

But my mama told me

And what a simple thought

You're starving 'til you're not

And all of the foes and all of the friends

You move on
And that's when I told you

It's alright

You had to make your own sunshine

Dsus4

But now the sky is opalite

Oh, ohohohoh

[Bridge]

G

Em7

This is just a storm inside a teacup

Am7

But shelter here with me, my love

Dsus4

Thunder like a drum

This life will beat you up, up, up, up

G **Em7**

This is just a temporary speed bump

Am7

But failure brings you freedom

And I can bring you love, love

Don't you sweat it, baby

[Chorus]

G

It's alright

Em7

You were dancing through the lightning strikes

Am7

Sleepless in the onyx night

Dsus4

But now the sky is opalite

Never met no one like you before

Am7

You had to make your own sunshine

Dsus4

But now the sky is opalite

G

Oh, ohohohohoh
