Practical Ideas and Fun Discussion

Hi all; Nancy here. Several members have expressed interest in reading and discussing a book by a Swedish author, Margareta Magnusson. She wrote *The Gentle Art of Swedish Death Cleaning* which sounds awful but is really just a guide to decluttering and simplifying your life.

The book offers a practical and humorous approach to getting rid of unnecessary belongings, focusing on what truly matters and making the process uplifting rather than overwhelming. It encourages you to tackle clutter at any age.

If this sounds like something you're interested in, call me at 760 716-9000 for more info.
