Featuring more than 20 of Queen's greatest hits, including "Bohemian Rhapsody," "Somebody to Love," "We Are the Champions," and "We Will Rock You," this electrifying musical celebrates the power of individuality, rebellion, and the unifying force of music. Set in a futuristic world where algorithms control every aspect of life and original thought has been erased, a group of young revolutionaries embarks on a quest to rediscover the lost art of rock 'n' roll. Packed with iconic songs, larger-than-life characters, and Queen's legendary sound, WE WILL ROCK YOU is an adrenaline-fueled theatrical event that reminds us what happens when a community dares to raise its voice.
