

# March: Holy Week

*Note for parents: Although this lesson is called "Holy Week," it will not include Easter Sunday. Stay tuned for April!*

*The word "holy" means "set aside." Holy Week is a specific time when we remember the last days before Jesus' crucifixion and resurrection. It begins with Palm Sunday and concludes on Easter morning. As you prepare for these days, you may want to create a special place to remember and pray with your children. Cover a small table with purple cloth, then place the Bible, and a cross, and a battery-powered tea light there, along with other objects that symbolize the week's events: palm branches cut from green paper, stones, a cup and plate, etc. Some create a "Holy Week Box" to retell the events. Instructions are available [online](#).*
