About Extend Your Day

Extend Your Day is a family run business located in Stewartstown, PA. My wife, Kayla, is the office administrator, my father, Mark, is my field technician, and my mother, Lynne, helps with administrative tasks.

We are a four season operation providing landscaping, lawn care, property cleanups, and residential snow removal among other services.

Over the past 10 years I have learned so much about lawn care, landscaping, and business. I love to learn and am continually looking for ways to grow as an individual and business owner.

I am committed to offering outstanding services that will help beautify your home and find more time in your day. Providing exceptional customer service is my

number one goal. If there are ever questions or concerns, please reach out.

Kayla and I are proud members of the Stewartstown Lions Club. Together, we enjoy giving back to the community. Kayla is currently responsible for Student of the Month, and we help organize the various Lions Club community activities.

We're Upgrading Our Administrative System

Extend Your Day is currently transitioning from one administrative software system to another. During this process, you may notice minor inconsistencies in invoicing, bill pay, estimates, or other communications. We appreciate your patience as we work through any temporary kinks. This upgrade will allow us to provide a smoother, more efficient experience for our customers moving forward.

If you receive any communication that seems unclear or incorrect, please don't hesitate to reach out. We are happy to review and quickly resolve any issues.

Thank you for your understanding and continued support.

Daylight Savings & The First Day of Spring

- On Sunday, March 8, at 2:00 AM, clocks will "spring forward" one hour to 3:00 AM. We'll enjoy earlier sunrises and later sunsets.
- The first official day of spring is Friday, March 20 at 10:46 AM.

CM - After the long winter we've had, I'm very much looking forward to both milestones! ☀️

Call or text Cory today at 717-818-2032 for your FREE spring service estimate!

Once the snow and ice have cleared and the ground is firm enough for our equipment, we'll begin scheduling:

- Property cleanups
- Stone installations
- Mulch installations

Spring spots fill up quickly, so be sure to get on the schedule early!

We look forward to helping you get your property looking great for the 2026 season.
