

BORAMBIL PARK

Stallion Profile (v2.0 27.3.23)

Aristo Tuff Q-91701 (IMP)

**The only stallion standing
in Australia by the
legendary 'Woody Be Tuff'**

Aristo Tuff is affectionately known as "Tuff". At just 7 years old and with his athletic build and charismatic aura, this 15hh, sorrel quarter horse stallion is being recognised as a world-class sire. Whilst he is extremely versatile and capable, it is his acceleration, speed, power and athleticism that makes him like no other in Australia.

The ideal outcross to top bloodlines

... including the Cats, Peptos and Dual Reys. Tuff is unique in that he's a total outcross on the Metallic Cat mares, the Peptoboonsmal and Dual Rey. There is almost nothing you can't breed to him. A lot of the trainers say he crosses great on those hotter type of mares.

Aristo Tuff IMP (Woody Be Tuff x Aristo Katz)

Most notable is his world-class breeding. Sired by the Equi-Stats Elite Woody Be Tuff out of the champion cutting mare, Aristo Katz by Smart Aristocrat, Tuff is the spitting image of his sire and grandsire and displays all the same characteristics. Tuff has competed successfully at the NCHA Futurity in Fort Worth Texas, USA, and is currently in training for the Classic Challenge at the NCHA Futurity in Tamworth Australia.

Disciplines

Tuff's progeny are having success in the cutting, campdrafting and reined cow horse arenas. That can be attributed to the fact that his offspring are physically a much stronger type of horse with good trainable minds.

Pedigree Colour Genetics: ee-aa | 5 Panel Clear

New Generation	2000s	1990s	1970s & 80s
Aristo Tuff	Woody Be Tuff [PE: USD 7.1M+]	Nitas Wood [PE: USD 6M+]	Zack T wood [PE: USD 5.4M+] Nitas Quixote
		Tuffs Junie	Tuff Lena Candy Quixote
	Aristo Katz PE: USD 700K	Smart Aristocrat	Smart Little Lena Miss Quixote San
		Katz	High Brow Cat Sugar Tend

”

For the campdraft and reined cow horse, horses need to be very athletic. They must have quick acceleration and be able to achieve high speeds. His size is another appealing trait. He's 15 hands tall. So he'll be a great cross on a lot of the draft bred stock horse mares”

Career Highlights

2023 EPIC Stallion Draft – Podium Top 3
2021 ACA National Finals – Finalist in the Open and Novice
2018 NCHA Futurity in Fort Worth Texas, US

Tuff now stands proudly at Borambil Park where he presides over his progeny as they grow, develop and get trained

About Borambil Park

Borambil Park is situated on the prolific Liverpool Plains (near Tamworth) in New South Wales. Operating an agribusiness specialising in the production of premier Angus and Wagyu X Angus F1 cattle for the Australian feedlot sector, the business also breeds, develops and trains high-performance quarter horses, specialising in cutting.
