WHAT'S INCLUDED

 COLOURS & FINISH

PREPARATION

 EXTRAS **TIMESCALES** **TERMS & PAYMENT**[illegible]

It's the detail, the process & the pride

OUR FULL SPRAY

Process Explained

Every project is completed with care, precision and high-quality materials for a flawless, factory-smooth finish that lasts.

1

ASSESS

ASSESS & PREPARE

All surfaces are cleaned, degreased and prepared. Any necessary removal or minor prep is carried out.

2

PROTECT

PROTECT

Careful masking of surrounding areas, including interiors where needed, to protect against overspray.

3

SPRAY

SPRAY APPLICATION

Our specialist coatings are applied in controlled stages for an even, durable finish.

4

CURE

COATING & CURE

Each piece is finished with care and left to cure for maximum hardness and longevity.

5

FINISH

THE FINISH

We remove masking, refit any items included, clean the area and leave a flawless finish.

QUALITY FIRST

FOR A FINISH YOU'LL BE PROUD TO SHOW

BEFORE*We Arrive*

A little preparation before we arrive helps everything run smoothly.

**ACCESS**

Please ensure clear and safe access to the areas being sprayed.

**ELECTRICS**

We will need access to electricity for our equipment.

**PETS**

Please keep pets away from the work area.

**PERSONAL ITEMS**

Remove or protect any personal items near the work area.

**SPECIAL REQUESTS**

Let us know in advance of any specific requirements.

If you have any questions or need advice before we arrive, just get in touch.

WHAT HAPPENS

On the Day

Here's what you can expect when we're on site.

ARRIVAL

We arrive at the agreed time and introduce ourselves.

SET UP

We protect all surrounding areas and set up our equipment.

THE SPRAY

We carry out the spray application with precision and care.

CLEAN & TIDY

We remove all masking, clean the area and check our work.

SIGN OFF

We'll talk you through everything and answer any questions.

We always treat your home or business with the utmost respect.

COLOUR & FINISH

Guidance

Choosing the right colour and finish helps achieve the look you want.

POPULAR SHEEN LEVELS (GUIDE)

Most customers choose **10%** or **25%** for a modern, elegant satin finish.

COLOUR MATCHING

We match to RAL, BS, Farrow & Ball, Little Greene and many other colour systems.

If you have a specific colour in mind, just let us know.

INTERNAL & EXTERNAL WORK

Internal and external projects require different preparation and products. We assess each project carefully to ensure the right finish and long-lasting results.

BUILT TO LAST

We use premium coatings and proven processes for a finish that looks exceptional and stands the test of time.

PREPARED WITH CARE
Attention to detail at every stage.

QUALITY FINISHES
Beautiful results that enhance your space.

LONG-LASTING
Finishes crafted to look great for years to come.

Spray. Transform. Love.

DARK COLOURS

ON uPVC, PLASTIC & COMPOSITE

Important information before choosing a deep shade.

1 WHY THIS MATTERS

Dark colours absorb more solar energy than lighter colours. In strong direct sun, particularly on south-facing or west-facing elevations, the additional heat can contribute to expansion, movement, bowing, distortion or warping.

2 CUSTOMER CHECK

Chameleon Spray did not manufacture or install the underlying product and cannot confirm its construction, reinforcement, heat tolerance or original warranty. Before selecting a dark colour, you are responsible for checking suitability with the original manufacturer or installer.

3 IF CONFIRMATION IS UNAVAILABLE

If confirmation cannot be obtained and you proceed, you accept the substrate-related risks described here. Our agreement to spray is not confirmation that the substrate or its warranty is suitable for increased solar heat.

4 GUARANTEE SCOPE

Our guarantee covers the coating system stated in your quotation. It does not cover heat-related movement, distortion or failure of the existing substrate, or coating damage directly caused by it. Your statutory rights and our responsibility for workmanship are unaffected.

SILICONES, SEALANTS & Detailing

The finishing touches make all the difference.

SILICONES

Existing silicone will be removed where required.

RESEALING

We reseal with like-for-like in the closest match, with RAL colour-matched sealants readily available. For bespoke colours, the closest practical option will be used.

DETAILING

We pay attention to the small details for a crisp, professional finish.

AFTERCARE ADVICE

We'll advise on the best way to care for your new finish.

Good preparation and proper sealing = a finish that lasts.

FREQUENTLY ASKED

Questions

Here are answers to the most common questions we're asked about our spray refinishing service.

HOW LONG DOES IT TAKE?

Most projects are completed in 1–3 days depending on size and scope.

HOW LONG BEFORE I CAN USE IT?

Our coatings cure to the touch quickly but can take up to 28 days to fully harden.

CAN YOU SPRAY ANYTHING?

We spray uPVC, aluminium, wood, metal, kitchens, furniture, doors, windows and more.

WILL THE COLOUR BE EXACTLY THE SAME?

We use industry-leading systems for the closest possible match.

DO YOU OFFER A GUARANTEE?

Yes. All our work comes with up to a 10 year in-house workmanship guarantee.

If your question isn't answered here, just get in touch – we're here to help.

AFTERCARE

Guide

A little care goes a long way in keeping your finish looking amazing.

CURE TIME

Avoid heavy use, cleaning or tape on freshly sprayed surfaces while they cure.

Complete kitchen refinishing projects can take up to 28 days to fully cure.

CLEANING

Use mildly soapy water and a soft, clean cloth. Then buff dry with a separate clean, dry cloth.

AVOID

Avoid abrasive materials, harsh chemicals, solvent-based cleaners, steam cleaners and pressure washers.

BE GENTLE

Treat your new finish with care and it will reward you.

Follow these simple steps and enjoy your beautiful finish for years to come.

ABOUT

Chameleon Spray

We're a Bristol-based specialist spray refinishing company with a passion for transforming surfaces rather than replacing them.

From kitchens and furniture to doors, windows and shopfronts, we bring new life to surfaces with expert preparation, premium coatings and meticulous attention to detail.
