“As you ramble on through life, whatever be your goal keep your eye on the donut and not on the hole.” – Unknown

It's October, for most of us that would ordinarily mean Halloween, spooky decorations, costumes and Trick or Treating for candy...but it's 2020, so....there may be candy, costumes and cobwebs, but conventional Trick or Treating and all of the usual Halloween events seem to be on hold with the rest of 2020. However, there are still some fun things to do comply with the CDC guidelines for Halloween:

Aquarium of the Pacific or as it is known in October: *Scarium of the Pacific* is offering “Spooktacular Halloween Fun for the Whole Family” on October 23 – 25 from 9-5. See www.aquariumofpacific.org/events/info/scarium_of_the_pacific/ for ticket information.

Socially distanced Trick or Treating by leaving the candy on the porch or Trunk Trick or Treating have been approved by the CDC. However, Mars Wrigley has come up with a way to virtually Trick or Treat for the entire month of October. There are games and ways to decorate your virtual door. You can invite friends and neighbors to participate. See www.TreatTown.com for more information and to download the Treat Town App for your mobile device.

Los Angeles Haunted Hayride is running (on select nights) from September 25 – November 1 at Bonelli Regional Park. See www.losangeleshauntedhayride.com for tickets and more information.

STATUTORY PROBATE ATTORNEY'S FEES AND COURT COSTS

Attorneys and personal representatives are each entitled statutory fees for ordinary services in a California probate. They are set by *California Probate Code §10810*. Statutory fees are based on the **gross** value of the estate:

Statutory probate fees are as follows:

- 4% of the first \$100,000 of the estate
- 3% of the next \$100,000
- 2% of the next \$800,000
- 1% of the next \$9,000,000
- 0.5% of the next \$15,000,000

Examples based on estate value:

- \$500,000 \$13,000 x 2 = \$26,000
- \$600,000 \$15,000 x 2 = \$30,000
- \$700,000 \$17,000 x 2 = \$34,000
- \$800,000 \$19,000 x 2 = \$38,000
- \$900,000 \$21,000 x 2 = \$42,000
- \$1 Million \$23,000 x 2 = \$46,000

In addition, there are court delays; extraordinary fees for actions such as selling real estate; and court costs that will add to the statutory fees and increase time the overall expense. The best way to avoid these types of costs and fees is to have a comprehensive estate plan with a Trust. Contact [Cannon Legal Firm](http://CannonLegalFirm.com) for a free consultation including a complimentary review of your existing estate plan.
