# Municipal directors attend the Citizen Urbanism Forum

645; 14516< 1 Hvejrnk

The Municipal Government was present at the Citizen Urbanism Forum, which was an initiative by civil society to propose strategies that allow the development of a revitalization program for the historic center of Chihuahua Capital. Several directors of the municipality attended the event, in order to listen to the proposals and approaches of those involved.

Members of civil society, including businessmen and representatives of educational institutions, held this Friday, January 27, the Citizen Urbanism Forum at the ITESM Campus Chihuahua facilities with the intention of presenting expert opinions on this topic to define the vision, the objectives and a clear strategy to consolidate a regeneration program for the urban center of the city.

In this sense, municipal officials from the Economic and Tourist Development, Public Works, Municipal Treasury and Urban Development agencies, as well as some council members, attended the event and were present at the conferences given by specialists in the field.

Among the speakers who participated are the president of the Latin American and Caribbean Organization of Historical Centers, Fernando Carrión Mena, as well as the architect Inti Muñoz of UNESCO; Christopher Leinberger, from the Center for Real State and Urban Analyzes and Michael Rodríguez, from the George Washington University School of Business.

The event was attended by the director of Economic and Tourist Development, María Granados Trespacios, in addition to the head of Public Works, Carlos Cabello, the municipal treasurer, Amanda Córdova, the director of Urban Development and Ecology, Guillermo Soto, the director of the Municipal Planning Institute , Benito Rodríguez and councilmen Adriana Díaz and Carlos Raynal.

In this way, the Municipal Government works to pay for and strengthen the proposals of the Chihuahuas, in addition to seeking strategies to consolidate these and other projects for the benefit of the city.
