

## **HURRICANE EVACUEE POLICY**

### **7.9.24**

Bruce's Field is an event-based facility and, as such does not offer boarding, however in the event of an approaching devastating hurricane, and if the property is not under a lease agreement with another entity or within two weeks of hosting a scheduled event we will open our doors to those displaced by a hurricane using the following guidelines:

We only accept evacuees from coastal zones where the governor has issued a mandatory evacuation.

We accept evacuees on a first-come, first-served basis.

We give priority to South Carolina residents.

All evacuees must have current health papers or a written statement from their vet that they are UTD on vaccines if no vaccine paperwork is available.

There is a maximum of a 3-day stay. We will be happy to help you search for longer-term accommodations should your property sustain damages that preclude you from returning home.

Only one extra stall will be provided for barns with 5 or more horses

There is no charge per stall but there is a \$10 stripping fee (unless evacuee strips and cleans stall before departure)

There is a limited amount of camper hookups, we will charge \$25 a day, pump-out is extra

Shavings may be purchased on-site at \$9 a bag

Anyone entering the facility must sign a waiver

Hand walking and lunging only
