(CONTINUED ON REVERSE)

Statement of Financial Need

All families requesting tuition assistance must complete and apply on-line to Grant & Aid. Grant & Aid is an objective outside service that will assess the family's financial situation based on income tax returns and other financial documentation submitted to them with the application. Grant & Aid uses this information to provide to OLPH the tuition amount it determines the family should be able to afford. Recognizing that other factors may be present that are not reflected in the assessment, it is requested that each applicant complete this Statement. Please explain below your need for tuition assistance, including any extenuating circumstances that may affect your ability to pay full tuition:

Amount of tuition PER MONTH family can afford to pay for all students attending OLPH: _____

Priority will be given to those families completing the application process, including the application with Grant & Aid. While all assistance provided is based on financial need, students must be in good academic standing to qualify. Because OLPH has a limited amount of funding available, the amount of aid awarded may be less than the amount for which the family qualifies. Award letters will be sent out mid-April and must be completed and returned by the date requested on the letter. **All families receiving tuition assistance MUST complete a work assignment at the school as a condition of acceptance.** If you have any questions about the tuition assistance process, please contact the OLPH Office at 327-7741. In submitting this application you agree to the terms and conditions of the work assignment.
