

30- Day Scripture Challenge

It's important to get the Word of God deep down in us, so when times come that we need reminding or when others come to us needing prayer, the Word of God will bubble up and flow through us to our minds, hearts, or wherever we need to send the Word. In Scripture, there was a centurion man, who asked Jesus to say the Word and it shall be so. He went on to share with Jesus that he, a man with authority, recognize that Jesus was a man with authority. He said, "When I tell one to go, come, or do, they all follow his command." Romans 8:5-13.

So, just like the centurion and Jesus, we have been given the authority by Jesus to send the Word or command the Word to be done and it shall go forth! The caveat is that we have to have the Word in us to do so, and that's why this challenge is so necessary and important!
