

PLYMOUTH LEARNING JOURNEY

June 28 – July 4, 2026 | Plymouth, UK

Explore. Observe. Enjoy Math.

Join a small group of math educators in historic Plymouth, England, to explore how children in England learn math. This week of learning, observing, and connecting will spark new ideas, deepen your practice, and refresh your sense of purpose in teaching.

Why This Journey Matters

This is an invitation to grow as an educator through curiosity, collaboration, and shared discovery. Spend your days inside real classrooms watching how students in England engage with math thinking and problem solving. Reflect together with fellow educators in daily debriefs. Share questions, insights, and laughter as you begin to see familiar ideas in new ways.

You'll return home with practical strategies, new energy for your work, and a powerful sense of connection that will ripple through your classroom and beyond.

What's Included

- Six nights of centrally located lodging in Plymouth
- Daily breakfast plus three shared group dinners
- Guided primary/elementary school visits and authentic classroom observations
- Local transportation to schools and learning sites
- Facilitated reflection and collaborative planning sessions
- Pre-trip virtual meet-up to build community and get ready
- A custom World2math travel kit including journal, map, and surprises

See full inclusions on our enrollment page: www.lingo-tours.com/wma6628

PLYMOUTH LEARNING JOURNEY

Local Partners

This tour will be run in partnership with Lingo Tours, an organization with a strong reputation for organizing high-quality educational experiences across Europe.

Our on-the-ground logistics, accommodations, and travel planning will be managed by Lingo's expert team, ensuring a smooth and enjoyable experience from start to finish.

Johan, our dedicated contact at Lingo Tours, is available to answer any questions about the travel details or itinerary. His deep experience with teacher-led tours and attention to detail will help make this learning journey seamless and memorable.

Who should join

- Elementary classroom teachers
- Math coaches or instructional leaders
- Curriculum specialists and consultants
- Graduate students or anyone curious about global math learning

Whether this is your first international education experience or one of many, World2math will meet you where you are and invite you into something new, joyful, and meaningful.

Ready to Go?

Spaces are limited and early registration is encouraged. Visit world2math.com to learn more, complete your registration form, or schedule a call with trip leader Amy Bride. You can also reach out directly at [your contact info here] to ask questions, explore group support, or request an introduction to Johan at Lingo Tours for travel-specific details. Let this be the year you step into a classroom across the ocean and return with fresh eyes, new energy, and math stories worth sharing. We can't wait to welcome you to Plymouth.
