

## Qualified (Registered) Plumber

### Job Description

**Location: Ballarat, VIC**

#### The Opportunity

Flow Plumbing & Maintenance is seeking an enthusiastic Qualified Plumber to join our growing team. This is your chance to work alongside experienced plumbers, take ownership of your own jobs, and be part of a welcoming and supportive work environment.

#### Key Responsibilities

- Carrying out plumbing installations, repairs, and maintenance across residential and commercial projects.
- Using plumbing tools and equipment safely and efficiently.
- Ensuring all work complies with plumbing codes, regulations, and best practice standards.
- Diagnosing issues and providing practical, high-quality solutions for customers.
- Maintaining a professional and friendly approach when dealing with clients and team members.

#### What We're Looking For

- A fully qualified and registered plumber. Plumbing licence not necessary.
- A valid driver's licence (manual transmission is desirable) and reliable transport.
- Strong problem-solving skills and attention to detail.
- Ability to work independently and as part of a team.
- Excellent communication and interpersonal skills.
- A strong work ethic and commitment to delivering quality workmanship.

#### What We Offer

- Competitive above-award wage and benefits, with the potential for a take-home vehicle for the right candidate.
- A supportive and inclusive work environment with a welcoming team.
- Opportunities for career progression and professional development.
- Standard work hours with a monthly rostered day off (RDO).
- Variety of work across domestic and commercial projects.

#### About Us

Flow Plumbing & Maintenance is a well-established plumbing company serving Ballarat and surrounding areas. We specialise in commercial and domestic new builds, renovations, and repairs. Our team prides itself on our commitment to quality workmanship, customer satisfaction, and supporting the Ballarat community. We have a keen interest in the newest plumbing innovations, including the latest in environmental sustainability and green energy.

#### How to Apply

Submit your resume via our website by **5pm, 27th February 2026**.
