

DEMYSTIFY AI:

YOUR CATALYST FOR GROWTH

A Signature Session by

Allyson Carter
COACH for GROWTH

This session isn't about technology—it's about **reclaiming the human advantage** in the age of intelligence.

Leaders and teams gain the clarity and confidence to use AI responsibly, partner with IT effectively, and strengthen the human skills that fuel innovation and growth.

"AI is not going to replace humans, but humans with AI are going to replace humans without AI."

Karim Lakhani

Key Takeaways

In this interactive 90-minute experience, participants will:

- **Understand AI's Impact:** Learn how AI is reshaping work, skills, and strategy.
- **Demystify Key Concepts:** RAG, Copilot, and AI Agents—what they mean and why they matter.
- **Bridge People + Technology:** Know how to work with IT and governance to build safe, effective AI tools.
- **Reclaim the Human Edge:** Build critical thinking, creative problem-solving, and continuous learning.
- **Plan for Growth:** Map your personal learning journey and assess organizational readiness using the AI Maturity Model.

Why Teams Book This Session

- ✓ Makes AI simple, practical, and relevant to everyday work.
- ✓ Builds confidence and shared language across business, L&D, and IT.
- ✓ Equips teams to innovate safely and lead change with purpose.

Workshop Outline

1. **Start with Curiosity** – Explore your team's hopes, fears, and readiness (pre-survey).
2. **Demystify AI** – What AI is (and isn't) and how it really works in the enterprise.
3. **AI at Work** – Practical examples across business, operations, and learning.
4. **Reclaim the Human Edge** – Build confidence through critical and creative thinking.
5. **Plan Your Next Step** – Create your personal AI learning journey and align with your org's maturity model.

Perfect for

- Leadership offsites & strategy sessions
- L&D; or HR team development
- Client or partner summits
- Innovation or digital transformation events
