IF YOU'RE ON A BUDGET

If you are on a tighter budget, we are happy to offer suggestions. There are a number of ways to achieve a gorgeous floral display at your wedding without spending a fortune. Here are some ways to save money on flowers:

Realistic Artificial Floral Rentals

For the last 5 years, we've been offering realistic floral rentals. This is the biggest cost saving option. Since you are renting, you will be able to afford much larger, more elaborate designs. The honest truth is that most guests won't notice if your wedding arbor or bouquets are artificial. There are some very realistic artificial flowers that are hard to tell they're fake except with close inspection.

Choosing Affordable/In-Season Flowers or focusing on Greenery

If you're pretty flexible and are open to suggestions of more affordable flowers or are open to using mostly greenery as your centerpieces or are willing to keep it simple, it can be much more affordable.

FLORAL VARIETIES THAT TEND TO BE MORE AFFORDABLE:

- *Regular Roses
- *White Hydrangeas (sometimes green, blue, pink, or purple are also affordable, but it depends on the season etc.)
- *Baby's Breath
- *Carnations
- *Peruvian Lilies, aka Lily of the Incas, aka Alstroemeria

FLORAL VARIETIES THAT TEND TO BE MORE EXPENSIVE (DEPENDS ON SEASON):

- Garden roses - the really full roses with many petals
- Peonies (they can be really affordable certain times of year)
- Oriental Lilies
- Orchids
- Tulips (in the spring they tend to be affordable, but in the off-season, they are normally either expensive are entirely unavailable)
- Any specialty flower that is not commonly carried by wholesalers
- *Specialty color flowers
