

Thank you for your interest in the Kid SAFE Program. Please read through these instructions before you begin to fill out the forms as there are specific instructions to filling out the forms on this sheet.

- The following forms need to be filled out **completely and legibly** in order to have your child enrolled in Kid SAFE.
- **Please DO NOT Print these forms front to back.**
- Phone numbers and addresses must be included for both home and work, for not only yourself but also individuals authorized to pick up your child. If these change before school starts or while school is in session please let the Kid SAFE staff know as we need accurate information on file at all times.
- If you are enrolling multiple children each child needs a set of paperwork filled out.

There are a total of FOUR forms included with this instruction sheet.

1. Child Care Enrollment (1 form)
2. Health History (2 forms)
3. Medication Authorization Form (Only to be filled out if your child will receive medication while at Kid SAFE)
4. Child Care Immunization Record (2 forms)

Instructions for filling out specific forms:

- **Child Care Enrollment Form:** Fill this form out completely and make sure to sign the bottom.
- **Health History Form:** Fill this form out completely and make sure to sign the bottom. There is a section on sunscreen and insect repellent. If you would like sunscreen and bug spray used on your child while at Kid SAFE YOU must bring it in for your child. Kid SAFE does not supply these items due to allergies. You will need to list the exact name and strength of the item you will be supplying (SPF and DEET content). You can opt not to do this by checking NO in this section. If you opt not do this your child will not get sunscreen or bug spray put on them while at Kid SAFE.
- **Medication Authorization Form:** This must be filled out only if your child will be using medication while at Kid SAFE. If your child does not need medication please NO NOT FILL OUT. Make sure the form is signed at the bottom. If your child requires more than one type of medication a second medication authorization form is needed for that medication.
- **Child Care Immunization Record:** If you have mychart or some form of it you can print your child's immunizations and attach it to this form. You will still need to fill out step 1, step 4 and step 5 of this form. A print out of mychart will take place of step 2 on this form. If your child gets new immunizations over the summer we will need this updated at the beginning of the school year.
