Appearance of Citizens: Brian Reynolds present on behalf of the Seneca First Responders to update town board on Paramedic First Response Program. Periodically the first responders update protocol with the State of Wisconsin and they are pursuing changes including adding a new medical director. They recently joined Gundersen and being with Gundersen has greater oversight. They would like to go to Paramedic First response which makes sense as first responders member Travis Zach is a paramedic from Gundersen This would allow higher level of care including administering drugs and stating IVs in the field. Brian asked if the board ever thought about extending the boundaries to have Gundersen cover the entire Seneca Community as they only cover ½ our area. Suggested Brian discuss with Julie Cipra, Crawford County 911 Coordinator as these boundaries are not a board decision.

Old Business: Sidewalk/Walking path to Seneca Heights. Tom reeving initial maps with setbacks the county has documented. TEAM Engineering is waiting for state map with documented setbacks. Tom will contact TEAM Engineering to see when official map will be available and ask about the need to survey after state map is received.
