

I am someone who has been through deliverance a few times before reaching out to Brett and I had been going through just the same cycle of sin over and over again and I got to a point where I really just got fed up, but I knew this time in order to receive full deliverance I was going need to extra support. So I reached out to Brett and he so graciously spoke with me over the phone and asked me more and had so much compassion and didn't show any judgment at all to me and my situation. We met and he was just able to prophetically call out spirits, which I really appreciate and needed. I needed the extra discernment concerning my deliverance. I received prayer, with so much authority and so much compassion and truth, and there was a lot of darkness that was exposed, and spirits that had been long-standing were uprooted like it was coming up and being exposed.

What I really appreciate about his ministry is that he taught me the next steps to maintain and walk in my deliverance and to continue taking authority over the darkness. After I had that deliverance session, I noticed that spirits tried to come back and I just recalled what Brett has just taught me—to take my stand. During that time, I witnessed the spirit leave me! After receiving deliverance through this ministry, I am able to operate the fullness of victory, because of the support, and the love and compassion of Jesus Christ.
