***We require Ballet or Foundations with all of our classes. This means all students will be taking a minimum of two classes per week. (except Beg. Move, pre-ballet, ballet/tap combo & foundations). Ballet and Dance Foundations are foundational dance genres where students learn terminology, correct body placement and how to engage their core. It helps dancers progress much faster in their classes when they incorporate these styles into their schedule. Not only that, students learn self-discipline, focus, proper body alignment, and builds foundations for all types of dance!
