Dear Sponsor:

In the upcoming 2020-2021 Dance Season, dancers will be working hard to raise money to help pay for needed expenses such as competition costumes, registration fees, and other expenses related to dance/competition. (Please note that one year of dance costs from \$2000-\$6000/dancer depending on their activity level.)

Dancers are learning more than dance in our program; they learn life skills. Artist-athletes learn how to be doers and not quitters. They learn how to build healthy confidence and to believe in themselves. In our program they learn to become resilient and how to handle rejection/setbacks with grace. They develop a strong work ethic by being reliable, consistent, and having a positive attitude. Dancers learn how to turn jealousy into healthy motivational fuel and how to be kind to themselves. They will grow as performers, and, foremost, they grow as human beings.

We hope that you will be able to help the dancer that gave you this form because without the support of community businesses/members like you, many of these dancers would not be able to participate in dance or competition. Dance provides an alternative outlet for students, especially for those from at-risk homes. Many studies now show that dance is not just for the body, it can help improve academic performance over time.

Again, thank you for your support. Investing in our youth is an investment in the future!

We have several levels of sponsorship that we will proudly display on our social media, emails, etc. Please fill out this form and mail it directly to us or give to the dancer/parent that is giving you this form.

PLATINUM Level: \$2000 +

*Multi-Social media/email thanks, logo on all website pages, full page ad in our performance programs, name on team shirt and 4 tickets to recital.

DIAMOND Level: \$1000-\$1999
