WHAT WE DO

OnDeck Recruiting specializes in identifying and attracting high-performing professionals for our clients. Talent acquisition is critical, especially when you need to hire after being awarded new business (RFP/SOW) or fill key personnel gaps due to internal transfers and resignations.

HOW WE ROLL

Vision: The first choice for recruiting services.
Mission: Help companies hire the best people while empowering professionals to find their sense of determination.
Values: Authentic | Respect | Trust | Accurate

METHODOLOGY

Our mission is to help companies hire the best people for their business while empowering professionals to find their sense of determination. What makes us different is our awareness that high-performing professionals respond differently to recruiting.

HOW WE BEGAN

OnDeck Recruiting was founded by industry veteran Jeremy Melting. Jeremy began working in the staffing industry in 2003. He has been a business partner to the Fortune 1000 including onsite program management at five different Fortune 500 companies.

"OnDeck reached out to me when I was currently not looking for a new job. We talked on the phone a few times and found out that I was a perfect match for a position. After deciding to leave my old job, for the chance at this new position, OnDeck setup all the interviews, and handled everything for me. I would not have found this position on my own. I am extremely happy in my new career! Without them I would still be stuck in my old job. Thanks, OnDeck!" ~ Hired Candidate
