

MAKI STUDIO CONTROL SURFACE

MAKI Studio. Pro-Level Production for Creators

MAKI Studio is a complete multi-camera streaming solution for creators who want to take their content to the next level. Whether you're a YouTuber, podcaster, educator, live streamer, or producing corporate content and events, MAKI Studio delivers professional-grade video production but without the complexity.

What is MAKI Live Studio?

MAKI Studio is a dedicated live production system that combines seamless camera switching, broadcast-quality visuals, and intuitive control through the MAKI Studio Control Surface and companion iPad app.

With a fast, wireless setup and precision controls, it's the easiest way to create dynamic, polished, multi-camera productions—whether you're streaming, recording, or going live at your next event.

Multi-Cam Magic

A multi-cam MAKI Live setup let you switch between angles effortlessly, making your content more engaging and cinematic.

Seamless Live Production.

Designed to work right out of the box, so you can focus on creating, not configuring.

Broadcast-Level Quality.

BirdDog's heritage in live production ensures stunning visuals and rock-solid reliability.

Who is it for?

- **YouTubers & vloggers** looking to enhance their production quality
- **Podcasters** who want professional, multi-camera setups

- **Live streamers** seeking an effortless way to add dynamic angles
- **Small teams** or **solo creators** who need a powerful, easy-to-use solution

Key Benefits

1. **Instant Professionalism** – Go beyond single-camera setups with smooth multi-cam transitions.
2. **No Tech Headaches** – Plug, play, and produce like a pro without a production team.
3. **Anywhere, Anytime** – Wireless flexibility mean you're not tied down.
4. **AI-Enhanced Creativity** – Use AI gestures to streamline your workflow.
5. Unlock **multi-camera workflows** and top-level control.
6. MAKI Studio turns multiple MAKI Live cameras into a **fully integrated live production setup**.
