CAPABILITY STATEMENT

About Us

Corporate Portfolio Management Solutions (CPMS), LLC is a management consulting firm that specializes in providing Financial Management solutions to Government agencies and Healthcare organizations. We are committed to understanding business challenges from our clients' perspective and providing talented professionals that will deliver tangible results.

Why We Are Different

At CPMS, we are devoted to aggressively reviewing, identifying and tracking project and performance benchmark indicators to create better efficiencies. Oversight compliance, cost controls and identification of areas needing improvement are our core focus. To serve our Government customers, CPMS employs subject-matter and Agency-mission experts. As a result, our projects are managed by well informed industry professionals who are devoted to aggressively managing project costs, quality and schedule.

Our Value Proposition

Our collective approach, using consultant teams with diverse backgrounds and expertise, brings maximum in-depth analysis, efficiency and experience to many projects. Our experience and expertise has proven to benefit clients by identifying areas and projects which need strengthening in compliance and financial management.

Contact us today. We will discuss your needs and explore potential strategies to strengthen your controls, secure your environment, and achieve your objectives.
