## Wine & Sand

If you thought a wine based vacation and a beach resort vacation were mutually exclusive trips think again.

Curated Craft Travel Advisors works hard to come up with great itineraries for their clients. There are those times where we run into some trouble. One wants to go on a wine tasting trip and the other wants to plant themselves on a white sandy beach and soak up the rays. How to overcome such seemingly diverse trip objectives? Let us book you into Los Cabos, Mexico. Mexico's largest lodging provider has a high end option which allows you to indulge in both wine and surf.

When you work with CCTA we can arrange for you to not only soak in the rays and put your toes in the sand. Add in a little W&W (wine and wellness) and everybody is happy. After a day in the sun with your toes in the sand you can put the rest of your feet to work stomping grapes for winemaking. Then you can relax and enjoy a reflexology massage. This can be followed by a wine tasting and a chef prepared

dinner. What a day huh? Tomorrow you can return to the beach or nearby activities. A round of golf? That can be arranged a few minutes away at the 18 hole par 72 Desert Golf Course.

time for some W&W  
(Wine and Wellness)”**
