

BETA-PSI CHAPTER NEWSLETTER

October 2025

East Stroudsburg University

Welcome

Greetings Sigma Pi Nationals and Beta-Psi Alumni,

We, the Beta-Psi chapter at East Stroudsburg University, would like to update all of you gentlemen with all we have accomplished so far this 2025-2026 academic school year.

Family Weekend

On September 20th, the Beta-Psi chapter hosted our second annual family day. This was a great event where all the brothers' families got to meet each other, see our house, and enjoy spending time with each other. They also got to learn more about the history of our chapter. Most of the families were very generous and chipped in and brought food, drinks, and more. We are now looking to continue this event and make it a yearly tradition.

Mr. Greek

In the spring of 2025, the Beta-Psi chapter participated and won 1st in an annual competition that is held by one of our school's sororities Sigma Sigma Sigma. Every fraternity got to compete against each other and we were all able to raise over \$3,700 to the march of dimes.

Fundraising

Every year, the Beta-psi chapter hosts many on campus fundraising events Such as: Pie a Pi, sell Candy, Hot chocolate, pretzel sales and much more events in order to bring money into this fraternity. The photo to the right is a Pretzel sale table that the chapter held in mid september

Community Service

To continue, the Beta-Psi Chapter helped out our local community a lot so far this academic year. The brothers hold multiple street cleans every semester which help make our campus and other areas beautiful again. To the left, is a photo from a street clean we did with one of our school's sororities Alpha Omicron pi. Moving forward we would like to continue to improve our great community that we are blessed to live in.

Fall 2025 Borough Beautifacation day

On September 20th, the Beta-Psi chapter took part in the borough beautification day. Brothers were assigned streets to clean that surround our campus and our house. It was a great oupportinty for us to get involved with the borough and help out as much as we can.

Eboard

This academic school year has been very important as we believe that the Beta-Psi Chapter will keep shining on and off campus. This progress would have not been possible if it wasn't for the great leaders we have guiding us throughout the entire year. President Logan Reider, Vice President Ethan Clarke, Sargent at Arms John Bracken, Treasurer Gabe Marzouq, Herald Marco Aziz, and Secretary Luke Bracken make up this year's new Eboard that will continue to push this chapter even further than it's ever been.

The Future

The Brothers from the 2025-2026 academic school year are very proud of all the accomplishments that we are reaching but are not done reaching higher goals. The Beta-Psi chapter believes firmly in being better than we were the day before and we are keeping this mentality for the upcoming year. We hope that the new brothers can follow the path we have paved and bring us to new heights that'll continue to make this fraternity so great.

awards

Thank You

The Beta-Psi Chapter here at East Stroudsburg University would like to share our gratitude with Sigma Pi Nationals and Alumni who have gotten us to where we are today. Without your support and constant motivation to be better, the accomplishments school year would not have been possible. Thank you from the all the Beta-Psi Brothers.
