BPHA Vol. II 2019

Alumni/Active Brother Meeting

Greetings Sigma Pi Brothers

The primary purpose for our April 6, 2019 alumni meeting was to discuss the future of the house due to some problems with social events at the house. The good news is that our active brothers and our alumni brothers engaged in some meaningful discussions about social activities and about the current status of the fraternity itself. It is important to note that we came together as one fraternal family in discussing our mutual concerns. In stark contrast to our 2018 Homecoming meeting we actually were engaged in respectful dialogue that should result in some positive changes with the house and alumni/active brother relations in the future.

Our alumni brothers voiced their concerns about the liability of prohibited activities and our chapter eBoard brothers shared many of their accomplishments this semester as well as their commitment to the following basic lease requirements. An important meeting will be held with our chapter e-Board members and Jeff Bruno on April 28, 2019 at 10 a.m. to discuss possible lease changes and collaborative house maintenance and repair projects for this summer.

Finally, a motion was brought to the floor at the end of this meeting to continue support for the house and it was voted and approved unanimously by our alumni brothers.

Homecoming 2019

Our Alumni brothers expressed how important it will be to have Homecoming 2019 be a time for good old fashioned fellowship where we will all be able to simply hang out with old friends, have fun at the house, and most importantly be allowed to have BYOB beverages (legal age of course). The BPHA Board does ask that no adult beverages be consumed during the brief required Annual Alumni meeting.

We need to update our contact list and database.

IT IS TIME TO PASS THE TORCH (We need alumni brothers to step up and get involved):

We could use more of our alumni brothers from 1980's, 1990, 2000's. We have had some awesome alumni support from Legacy era alumni and from the pledge classes of 1961 through 1980. They still give the BPHA Board support but now in different ways. This seasoned group of brothers from the 60's and 70's can no longer sustain a lot of the physical duties needed for the maintenance and general repairs of the house. It's time to volunteer to give back in any way you can. The Board is not asking for a lot of your time.

Please - Just get involved an hour at a time if that's all you can spare. Your support will ensure the use of The White House for future generations.

Beta-Psi/Sigma Pi Chapter

Note: This section will be devoted to celebrating the activities of our active brothers on a monthly basis.
