Please be careful. The technology in today's environment creates risks. The law enforcement industry has named it Social Engineering. Some examples: identity theft, fraud, email spoofing (Posing as someone you know or individuals posing as an official member of Board of Directors), malware, ransomware and viruses. We have heard from a few Brothers in the last few weeks that someone is posing as a Boarded member asking for money or Gift cards for something other than BPHA business. This individual or individuals are using an unrecognized email address. This

spoofing email has not come from any Board Member. **DO NOT RESPOND, DO NOT FOLLOW THE LINK AND DO NOT FOLLOW THE DIRECTIONS. JUST DELETE THIS TYPE OF EMAIL.**

Charting the Alumni Club Research:

Aligning with National Organization-Alumni Association and Housing Corp. would provide additional resources from Sigma Pi international. This will include the alumni under the International Sigma Pi umbrella. Increased insurance coverage, more resources, training and support. BPHA is covered under Sigma Pi Insurance. This will provide additional Multiple layers of coverage needed for the future to mitigate layers of risk.
