

Beta Psi Chapter Newsletter

*G*reetings Sigma Pi Nationals and Beta-Psi alumni,

We, the Beta-Psi chapter, would like to update you gentlemen about our newest achievements this spring semester. First and foremost, we raised the most money out of 26 organizations for the Relay for Life Cancer Association along with having the 2nd and 4th top donors for this entire event by brothers Sam Loedel and Scott Geysen. Additionally, our brothers, Stephen Tellez and Francisco Gonzalez, placed 1st and 2nd for most laps walking around the track in honor of cancer survivors. They were both able to walk 26.5 miles together, which is equivalent to a full marathon. Our team was greatly led by captains: Romaudio “Hendrix” Lindsay and Elijah Rivera. In addition to this strong accomplishment,

we were able to win the “Unbeatable Spirit Award” at the end of the event. We received a trophy (pictured on the first page) that now sits in our brotherhood room. Two weeks after, we competed in our annual “Greek Week”, hosted by our IFC. We competed in various events such as football, basketball, soccer, and relay races to name a few; in which we placed 1st place in soccer and played in the finals for the other two sports. During the week, we participated in the “Walk for Life”, which is a mile march promoting awareness for sexual assault. We also won the clothing drive, bringing in a total of 36 bags of clothing for a homeless shelter. At the end of the week, the winners were announced. We captured 1st place and received another trophy (pictured on the first page) that was added to our brotherhood room as well. Our team was captained by brothers: Henry Ogbo and Gage Horvath. We are very proud of our brothers for being able to achieve these awards and are very excited to continue to represent this chapter in the future.

IST,

*B*eta-Psi Chapter
