**Show Sponsorship** Show sponsorship is yearly for at least \$500.00. This includes a mention of your business every time that show is aired, along with the website logo and your information on our website. We will also feature you in digital form in our booth and do a separate audio promotion as well which will play randomly. We have 9 shows currently that could be utilized.

**Music Sponsorship** Music sponsorship is yearly for at least \$500.00. This includes a mention of your business every time that a music block is aired, along with the website logo and your information on our website. We will also feature you in digital form in our booth and do a separate audio promotion as well which will play randomly. We have 10 music lists that rotate currently.

**Event Booth** Our main sponsorship is yearly for at least \$2500.00. The person who sponsors this can place their name on our cover which means that the sponsor is buying our new cover for a 10 x 10 frame. Your website logo and information will be on our website and cover. We will also feature you in physical form in our booth and do a separate audio promotion as well which will be played randomly.

**Travel/Equipment/Hosting** We have some lofty goals to attend events and could use some help covering fees, fuel and equipment for these trips and to gain better access to our clients. We have pretty good gear, but we have monthly costs which we would like to cover for hosting. These monthly fees are just less than \$250.00 a month combined. If we were to get one sponsor to cover this for a year we would increase the visibility for that individual beyond the promos we would do for them.

**Swag** We could use some goodies for our friends and those that come by the booth, this could be CDs, Hats, Die Cast Cars, shirts or any other material that promotes you as long as you are already working with us, donating or are aligned with our healing efforts.

**Host Your Own Show** We could arrange for a time slot, and you could host a show about what you do but understand this cannot be a giant advertisement. Maybe you do a music/interview show with your product slipped in. We are looking for \$1000.00 because there is a learning curve, and my help may be needed. I am guessing at least 12 episodes a year.

**Other** well let's think together to help others and see what we come up with.
