

Life itself is pro life.

Luciferianism is a belief system that venerates the essential characteristics that are affixed to Lucifer, the name of various mythological and religious figures associated with the planet Venus. The tradition usually reveres Lucifer not as the devil, but as a destroyer, a guardian, liberator, light bringer or guiding spirit to darkness, or even the true god as opposed to Jehovah.

The highest form of worship in Luciferianism is an inversion of God's will.

Taking life instead of giving life. You cannot kill out of love amongst many other things. Many of our concepts today line up with this inversion more than we know.
