#### **Birthday Group Riding Lesson:**

Grooming time can be included in the lesson at the group's request. We offer individualized attention with a maximum of 4 riders per group. Price: \$ 50 per rider (minimum of 2 riders).

#### **Hands-on Barn Lesson:**

A riding instructor will spend time teaching your group how to safely work around horses. Time will be spent learning to groom and lead a horse, as well as some good old-fashioned "horse sense". An adult from your group will be needed to help supervise.

Up to 6 participants for the group hour. \$50 for the hour.

#### **Educational Session:**

Spend time in the barn, learning about what, when, and how horses eat. Walk through the barn and meet the horses. Learn about what is involved in caring for a horse on a daily basis. Why do horses think and act the way they do? This is a great, inexpensive option for homeschooling and scout groups. The information can be tailored to your group's age, experience, and current educational curriculum. This session can also be combined with a **Group Riding Lesson**, or **Pony/Horse In-hand Rides**. An adult from your group will be needed to help supervise.

From 8 to 30 Participants. 45 Minute session \$50, 75 Minute session \$65
