

Run #2104, Monday 1st September, KitKatts Rd, Canvey Island

Hare:- Zipper & Frogman

Tonight the hashers had to head overseas – to the island of Canvey. We all met up at KitKatts Rd, the home of hasher Frogman. We gathered in the garden, and the stand-in GM, Sooty, sent us on our way, just out the front we met Boing-Boing, who was just parking his car. We set off, seemingly running round in circles along the streets of Canvey – and finally we arrived at Zippers house – for the Beer Stop. It was very nice – even a chance of a toilet break & a sit-down, before we were all on our way once again.

Near the end, we met the Knitting Circle, they directed me to where the other runners had gone – which happened to be about 50 meters from Frogmans house – so where the Knitting Circle were actually going – it was anybody's guess! (They turned up about 10 minutes later!).

Once in the lovely garden, we all settled in our seats, once they had been retrieved from all corners of the garden and set up on the patio. We were treated to sausages in rolls, which were very nice indeed.

Then it was time for the down-downs; stand in RA Sludge did a great job – obviously Boing-Boing got a down-down for being late, Fourplay for carrying a torch (!), Sooty, Tiny Tears, Corpse, Flapper Slapper, as well as Small Prick for splashing people in the puddles (down-down of water!). The hares also had their down-downs for an excellent trail and hospitality, and Sooty had written a lovely hash song for us all to sing along.

On! On!

Fourplay
