

Run #2088, Monday 19th May 2025, Fox & Raven, Chelmer Village

Hares:- 359, Corpse Shagger (& Small Prick)

Another lovely evening for our hash from the Fox & Raven in Chelmer Village, set for us by 359. The evening started with the sermon at the circle – and greetings to returnees Killer & Just Mike, as well as EMF (who almost arrived on time!).

We set off and were soon in the countryside, running across fields & canals (although the fastest of the pack managed to find the in-trail, and took a while to return!). Finally we found the beer-stop, not far from the local sewage works! It was a lovely spread as usual by Corpse Shagger, kit-kats, liq allsorts, fruity water & beer, and even the knitting circle made their way to the stop.

It was then onward, and finally back towards the pub – a lovely trail, completed in about an hour – and about 3-3.5 miles – dependant on your route choice!

Tonight we had to look for a golf ball (last week a parrot), and once again it was found by The Count!

Back at the pub and time for the down-downs, this time for the Hares, Killer, Just Mike, EMF, among others. As well as Pulled-Out, to celebrate the Southend win – and Basil, who went to bed when Southend were losing 3-1 (and then they won 3-4!).

On! On!
