

Run #2086, Sunday 4th May 2025, Datum Attitude Brewery, Heybridge

Hares:- Vicky Vomit & Basil

On a chilly, sunny & windy morning, we all met in the car park of the Brewery (well a bit of wasteland behind the brewery, which we had to scan a bar code just to be allowed to park!). In the car park we greeted those returning from holidays (!), and there was much discussion about Fourplay's black eyes! (It was a tree!).

Then we set off, through Heybridge, along the canal, through a bit of Maldon and then on out towards Beeleigh Abbey & Beeleigh Weir. Then we came upon a lovely little picnic set-up (the beer stop), with tables & chairs, along with elderberry liquors, snacks & beer! Everyone had made it to the beer stop this week – as cars were involved! From there, the hardy hashers took the long route back – and the wimps went back in cars, or along the tow-path.

Once gathered back at the Brewery, the 25+ hashers tackled the beer list – which comprised 12 ales – which could be purchased in 1/3's, 1/2's, 2/3 or pints, or a flight, if you preferred. (Apart from Steve, who had already hot-tailed it down to his brother-in-laws hot tub!).

Then it was time for some down-downs, we had some numbers today – Louisa was 10 runs, and was then named Camembert (Come on Bear!), Corpseshagger was at 450 runs, and well done to Sucked-in who had 650 runs! There were also down-downs for some of the returnees, the hares, and Fourplay's black-eye (which was drunk by Fag-After!!).

On! On!
