

Run #2163 Monday 28th September 2026, The Rising Sun, Brentwood

Hare:- Compressed Fart

Tonight we are in Brentwood, at The Rising Sun, for only our fourth visit. Compressed Fart is our hare, and this is his 'birthday run' – although the big day isn't until Wednesday! We gather, as usual, outside the pub and the GM calls the circle to order. Once again, it is a lovely warm evening, and the 21 hashers set off along the streets of Brentwood. We soon head off into the woods, following the sawdust, which in places has been wiped out – which is making it a little tricky to follow the trail.

It's a lovely trail, until we suddenly realise that we are nearly back at the start – and have gone a full circle back to the out trail! Dr Deaf and Fourplay work out where we went wrong, and run back to check out the ways again. Not long after, we find the beer stop, and the knitting circle are still there – so we regale them with tales of wiped out marks and running round in circles!

We get on our way again, and the knitting circle soon head off back to the pub saying 'not this way' to the runners!! We then circle around a bit – and finally come back into the pub from the other direction!

Once back at the pub, the food arrives – there is plenty of it, so well done to the pub & Compressed Fart – who also provides some tasty cookies (or biscuits according to some hashers!). Then it's time for the down-downs.

Zipper gets the first one – as he missed out at the AGPU last week, as part of the group of hashers who had planned the most hashes during the year (7). Zipper then got the next down-down as well – as he was celebrating his 1,000 run – well done Zipper.

We have a new Beermaster from today – so this was a bit disappointing for Corpse – who no longer had the tray to pile up his food on! It was also noted that the new Beermaster insisted on checking with bar before he bought the beers as to whether we had to pay more for buying halves!!!

Anyway – there was a down-down for the old & new Beermasters, Compressed Fart also got two down-downs – for his trail & his birthday, Dr Deaf got a down-down for his 200th run, and finally Zipper got another one – just 'because'!! (And it was quite funny to see Tiny Tears face – as he was driving Zipper home!).

On! On!

Fourplay
