

Run #2085, Monday 20th April 2025, Ye Olde Crown, Rayleigh

Hares:- Zipper & Frogman

It was a lovely hot sunny evening in Rayleigh high street, as the 16 hashers met up at Ye Olde Crown. Before we set off, Vicki Vomit reminded us that it was some sort of pseudo St George's day (!!) and had produced an excellent song for us to celebrate with!

Once the singing was done – it was down Crown Hill for the start of the hash. We hadn't gone far when we found ourselves with an additional 'runner', Sam from Swindon – he was out running, and asked if we were a running group (Ha Ha!). We explained the hash – and he asked if he could join us – so off we all went. Up and down the hills of Rayleigh, finally getting to the beer stop in a small park, whereupon Fag After was to exclaim that all jelly babies tasted the same (that's worth a down-down!). Heapo, Pied Piper & Compressed Fart had also made it to the beer stop.

The second half of the run was just as much fun – but not quite so hilly, even if half the runners went the wrong way at the end – with only half the pack going back thru' the park, before the warden shut the gates at 8pm!

Back in the pub – and Sam was still with us – we had a great spread of food. We thought the food was finished – and then more kept coming out! Vicki was RA for the night, and Fag After did get his down-down, along with Arse over Tits, Dr Deaf, Small Prick and the hares.

On! On!
