

Run no 2101 Hylands Park

Hare: Pulled Out

Well the weather forecast was favourable, picnics were packed and then.....it all started in the car park. Lunchbox & I arrived at the recommended car park just after 10.30 as the traffic had been so light. We spotted Corpse a few rows away as we managed to get one of the very last spaces. While Lunchbox joined the queue to pay we saw Heap'o drive in and drive out again (to try and park in one of the laybys along the access road) shortly followed by the Hare and Sucked In. As they drove out Sludge & Lyla were walking towards us.

We decided to set up camp in the short grassed field on the opposite side to the café/toilets as the bouncy castle was just setting up there.

Then the texts began arriving from several other EH3 drivers who were looking for somewhere to park. Compressed F (and his visitor from India) / Casey & Blowdry & EMF & Co were also circling the Hylands Estate.....

Casey had found space at the church but was unable to join us as he is "lame" at the moment but Pic was visiting so he made his way to join the pack. Slowly hashers began to arrive, 11 o'clock came & went...a few more arrived (by now some of us started on our picnics) 11.30 came & went so it was decided to start at midday.

Sucked In and Sludge went for a short trail as Lyla was becoming impatient and shortly after EMF, Tits Up & Rising Damp arrived (who by now was demanding yet another feed)

Once Rising Damp was suitably full of milk the pack set off towards the lake, around the house.....navigated thru the food festival and one by one they arrived back to eat/finish their picnics.

People packed up and begun to make their way back to their vehicles (Compressed Fart was 1.5 km away.)

Best part of the day was getting loads of cuddles with our youngest member and I even managed to get her to sleep for half an hour before we packed up ourselves.

Thanks to the RA for sorting the weather (even though he didn't manage to get to us)

On On Sooty
