

Run #2080, Sunday 23rd March 2025, The Leather Bottle, Pleshey

Hares:- The Count & Corpse Shagger

A lovely bright day (and a bit warmer too), and 12 happy hashers circled up outside the Leather Bottle in Pleshey. The Count set the pack on their way – and immediately the Knitting Circle and Fourplay went wrong – going several hundred meters longer than necessary! EMF and Dan turned up late as usual – but soon caught everyone up!

Eventually we got back on track, and as Fourplay was the only runner, she spent a lot of time out the front – sorting out the checks for everyone! Although there were a couple of false trails and a fishhook to contend with, we managed to keep together. There was a bit of wildlife to spot – with a herd of deer, a couple of herons & a few horses!

Corpse was manning the beer stop – there was plenty of beer to go round, as well as chocolate & liquorice allsorts.

The trail was approx 5 miles, although there were a couple of hashers who short-cut the route, and Fourplay managed to clock up 6.3 miles of running!

The pub was very welcoming and we had the small bar all to ourselves, there were a few misdemeanours on the route, and Vicky Vomit dutifully handed out the down downs as appropriate!

On! On!

Fourplay
