

Run #2119, Monday 15th December, Crafty Cask, Rayleigh

Hares:- Dr Deaf

Tonight we are at the Crafty Cask in Rayleigh, and once we had all parked in Websters Way – as close to 7pm as possible (to avoid getting a parking ticket), we gathered on the pavement outside. It was quite mild evening for December, the GM called the 23 hashers to order - and we were soon on our way. It was supposedly half a mile to the beer stop – so the knitting circle also set off – although I think they disputed the measurements somewhat!

We finally got to the beer stop/port stop, where a nice small glass of port was available, along with chocolates & sweets. The knitting circle then returned to the taproom, and the hashers continued with the trail. It was interesting – through the industrial estate along the A127, and then back into Rayleigh. A couple of hashers had a quick pit stop at the Rayleigh Lodge, with Zipper kindly waiting to assist them back to the group. And finally we made it back to the town centre – and back to the Crafty Cask.

It was a pleasant evening, Windsock & Tops were welcomed back, and Dr Deaf provided some nibbles from the local supermarket! Then onto the down-downs, Sooty got one for wearing her Xmas hat and leading Vicky Vomit astray (he followed Lunchbox by mistake!), Zipper got one for his chivalry, Comes Not a lot got one, as did Compressed Fart.

The raffle saw the reappearance of the parrot, which was rehomed again!

On! On!
