

Dino Quest Santa Ana, CA

Owner

Discovery Science Center
Santa Ana, CA

Architect

Bill Caskey & Associates
Corona del Mar, CA

Faris Construction Company provided preconstruction and construction services on this negotiated contract. Due to the constrained site FCC performed much of the work with our own forces including site drainage, shoring, rebar, concrete work, steel erection, metal siding and simulated rockwork. . This state-of-the-art attraction has over 100 interactive effects including cave containing a projected T-rex which the guests can “catch”.
