FLAGGED: The Owsleys of Somersetshire, England (Bodine, 2nd ed. 2010) gives an otherwise very thorough, exactly-dated account of John Owsley (b.1547)'s children and does not mention a child named 'Leman' at all. May be a transcription issue in

this collection's own source, or a real child the published account simply missed. Left as originally transcribed; father-link to MIS-004 retained but treated as less certain than the other children.
