

## Glen Lake Protective Association Newsletter - August 2017

A call to all to attend our Annual Meeting and celebrate our 110<sup>th</sup> birthday. That's right, the Glen Lake Protective Association was formed by lake resident's way back in 1907 to protect the lake's ecology and enhance our community, and we still adhere to this mission today. So, let's celebrate!

WHEN: Saturday, August 12 from 4 to 7 p.m., with a rain date of August 13

WHERE: Paul and Suzanne McPhillips have graciously invited us to their home at 49 Birch Rd. (there is parking; you could walk too and there are a couple of boat slips)

HOW: Bring a dish to share and there will be a \$5 charge per person for hotdogs, hamburgers, and soft drinks supplied and perfectly prepared by GLPA volunteers.

The diver-assisted suction harvesting team is busy clearing out the milfoil from 'around the lake. They move around daily, so watch out and give them plenty of room to work.

It's a Loon's life. I'm sure you've noticed the beautiful loons on the lake. Their calls at dawn and dusk are eerily beautiful. We are very fortunate to have the loons, because they usually migrate to quieter water bodies, so please leave the loons at peace. Here is a link to learn more about these wonderful waterfowl – [Common Loon, Life History, All About Birds - Cornell Lab of Ornithology](#).

Boating Behavior: Mid-July to Labor Day is the busiest boating time at the lake. Please be careful and conscientious. There is a link on our website – [www.ny-glenlake.org](http://www.ny-glenlake.org) - to the New York State Boater's Guide with rules and regulations for safe boating. If you witness illegal or unsafe behaviors, you could peacefully confront the culprits, or if the situation escalates, call the Warren County Sheriff 518-743-2500.

If you have any lake issues or wish to discuss lake matters, please contact me at 518-761-7015.

Respectfully, Paul Derby, president GLPA
