August 2022 www.glenlakeny.org.

Greetings Glen Lakers,

On Tuesday August 9 the GLPA MEMBERSHIP MEETING will be hosted by Margaret Wallace at the Reardon Road Right of Way (ROW). For directions please Google: 6 Reardon Road Extension, Queensbury, NY12804. Please think about carpooling, if possible. The picnic starts at 6pm and the Membership meeting will be at 7pm. We hope you'll come and meet your neighbors. We will cook hot dogs and hamburgers and we will have bottled water and soda. All of this for the usual \$10 donation to the GLPA. Bring a dish and a chair and your favorite beverage. If you want to take a dip in the lake, bring your bathing suit. Thank you Margaret for hosting this.

August 9 MEMBERSHIP MEETING - We will vote at the meeting for OFFICERS and DIRECTORS put forward by the nominating committee. We will also be voting on the proposed changes to the Constitution Language regarding membership. The slate includes: Directors - Pam Cembrook and Paul McPhillips. Officers: Paul Derby - President. Linda Clark - Membership Secretary.

Chris Round from LaBella Associates, the consultant for our GLPA Watershed Management Plan will speak to us about the progress of the Plan and answer questions regarding the Plan and the Septic Survey that was sent out to all Glen Lake residents as part of the Plan.

GLEN LAKE WATERSHED MANAGEMENT PLAN - All of the residents of the Glen Lake Tax District should have received a Septic Survey to complete and return to our watershed management plan consultant - LaBella Associates. We have already received 75 responses. Thank you. If you have not already responded, please complete the survey and return it. You can find it on our website: www.glenlakeny.org We had previously asked that it be returned by a certain time but we are extending that time period to get as many surveys completed and returned as possible. This is an informational, not a regulatory survey, that will help us complete our Glen Lake Watershed Management Plan. Remember that two lucky survey responders will each win a gift certificate to the Dockside Restaurant. Please help us and help the lake by returning a completed survey. If you have questions about the survey, this meeting will be your opportunity to speak directly with Chris Round of LaBella Associates about the use of the survey and how it will help our GLPA Watershed Management Plan.

AQUATIC INVASIVE SPECIES MANAGEMENT - Please let us know if you see Eurasian Milfoil in the lake. We will be having three more weeks of hand pulling by Invasive Dive Solutions. If you have any questions please contact - Paul Derby at 518-796-0524. He will be happy to answer any questions.

MEMBERSHIP - Please continue your membership of the GLPA. Your membership allows us to continue to care for the lake. Your membership also gives you a voice in the affairs of the lake. Thank you very much. If you have any questions about membership please contact Linda Clark at Yglenlake@aol.com.

BOATING SAFETY - Anytime a boat is pulling a skier, boarder, barefooter etc. there needs to be an observer. Personal Watercraft are NOT exempt from requiring an observer. If you are trying to drive and observe you are doing a disservice to the safety of other boaters and your tow. Thank you.

If you have any questions at all about the Glen Lake Protective Association please contact me.
Respectfully, Paul McPhillips, President GLPA. pmcphill@nycap.rr.com 518-791-6779.
