

Glen Lake Protective Association

July 2020 Newsletter

When we are encouraged to stay at home, is there a better place than Glen Lake? We wish for safety for all our friends and family during this time. Glen Lake is clean, beautiful and a recreational and wildlife jewel for all of us to share and enjoy. It is our community lake.

There will be a **Membership Meeting of the GLPA on July 13th at 7pm** at Sullivans Field. We will ask everyone to wear a mask and socially space. Bring your own CHAIR. The reason we picked that location is to assure everyone we can socially space. We will have a sound system and we hope it will work!

**Thank you** to Kim Ogden and Linda Clark. Kim runs our webpage - [www.glenlakeny.org](http://www.glenlakeny.org). Linda runs our Facebook page. They enhance our ability to communicate with you and help you have a means of finding out and keeping up with what goes on at Glen Lake.

Thank you to the **Glen Lake Cleanup Crew** headed up by Susan Herlihy. We had a great turnout to clean up all of our roads around the Lake. Thanks to the Babcocks, Adams, McPhilips, Meyers, Schrader, Ed Knopf and JoAnn Petersen, the Bellizzis, Lisa Doster, Ron Kuhl, Nancy Quillinan and Margaret Wallace.

**Membership** - Your Membership allows us to keep the lake clean, communicate with each other and be an important factor in the community to continue to protect the lake. Please contact Linda Clark about your Membership @ [yglenlake@aol.com](mailto:yglenlake@aol.com).

**Safe Boating** - Another thank you to everyone on the lake for their courtesy to others and recognition of the concerns for the safety of others on our lake. It is fun to watch every form of recreational activity imaginable practiced in a safe and neighborly manner.

**Swimmers** - If you are swimming for distance or across the lake you should have a spotter. Boats with skiers behind them may not see your head in the water.

**Environmental Concerns** - Septic Tank leakage and runoff from your property are the two greatest threats to our lake. You can help the lake directly by dealing with these issues as best you can.

**Nominating Committee** - Directors Susan Herlihy and Ron Kuhl, Membership Secretary Linda Clark and President Paul McPhillips are up for election this year. All four of them wish to continue to serve. Nominations will be accepted from the floor at the July Membership meeting and an election will be held at the August meeting.

If you have any lake questions or concerns please contact me.

Respectfully, Paul McPhillips, President GLPA. 518-791-6779.
